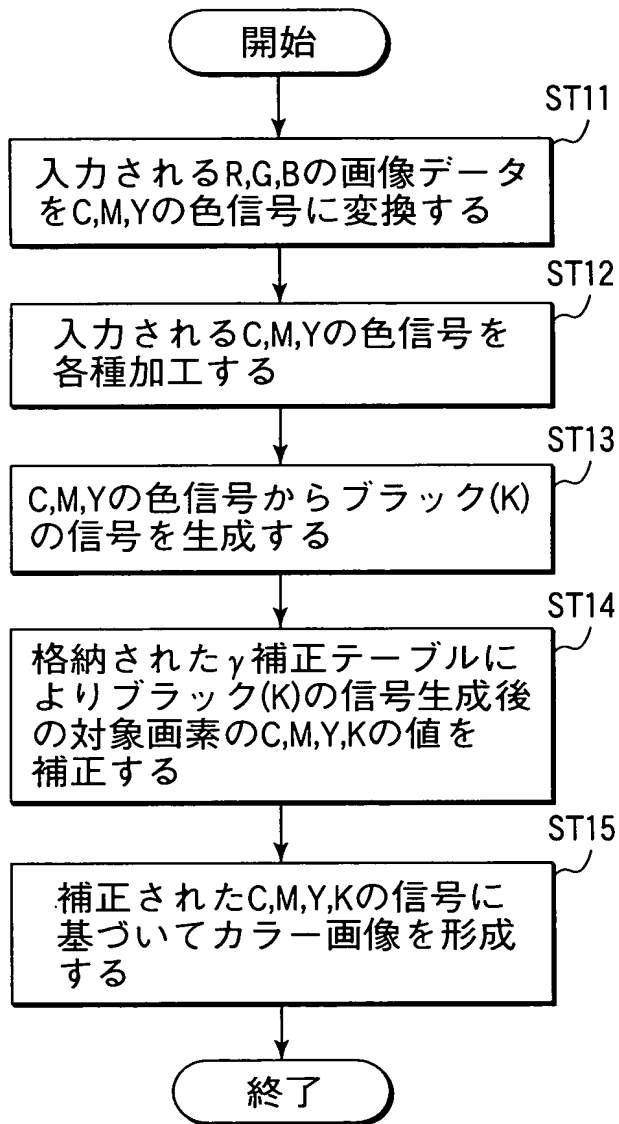

FIG. 10

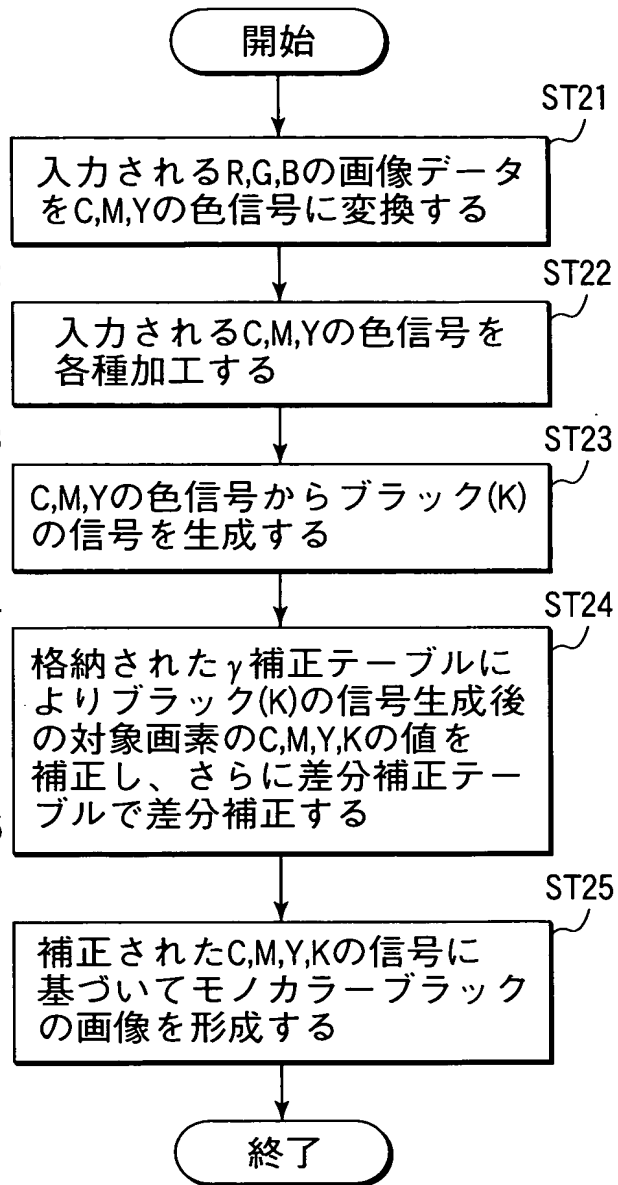

FIG. 11

The diagram shows five vertical bars representing color channels. The first four bars are labeled Y, M, C, and K, and are grouped under a bracket labeled 'フルカラー用' (Full Color Use). The fifth bar is labeled K2 and is grouped under a bracket labeled 'モノカラー用' (Monochrome Use). Each bar is divided into 10 horizontal segments. The Y, M, and C bars have diagonal hatching, while the K and K2 bars have vertical hatching.
